Electrolux Professional Group silver certified by EcoVadis

Electrolux Professional Group have received a silver rating certification from EcoVadis, a global provider of business sustainability ratings. Being EcoVadis certified allows the company to be considered a preferred supplier to high profile customers as sustainability disclosures are increasingly becoming a requirement in their procurement processes.

“By providing sustainability disclosures via the EcoVadis platform, the Group responds to demands from high profile chain customers in the hospitality industry,” says Swapnil S Choudhari, Vice President Group Sustainability and Quality. “Today the procurement process often includes heavy administrative effort to share requested sustainability data and information. With this platform we will be able to provide a more streamlined and simplified supply process whilst safeguarding our position as preferred supply partner.”

Electrolux Professional Group’s sustainability policies, initiatives, targets, and data, were processed and analysed by EcoVadis international experts, and compared with international sustainable development standards, ensuring a reliable and independent third-party assessment. EcoVadis has assessed over 100,000 companies worldwide for their corporate policies, initiatives, and achievements in four areas: Environment, Labor & Human Rights, Ethics, and Sustainable Procurement.

EcoVadis is a provider of business sustainability ratings, intelligence, and collaborative performance improvement tools for global supply chains.
